

# Tree Stewardship Pledge

Trees play a vital role in ecosystems and in human communities. They clean our air and water, cool our climate, and provide us with fruits, nuts, and lumber.

Through simple activities, we can care for the trees around us. Learn more about tree stewardship by visiting these links:

NYC Parks & Recreation, *Caring for Street Trees*

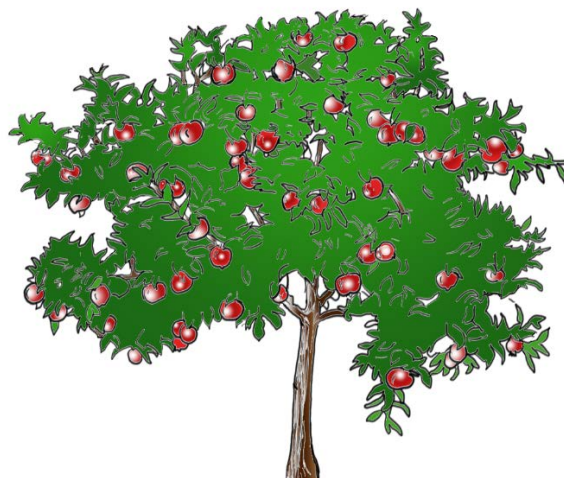

<https://tree-map.nycgovparks.org/tree-map/learn>

Arbor Day Foundation, *Tree Care Video Library*

<https://www.arborday.org/trees/video-library.cfm>

MillionTreesNYC, *Tree Care Guide Handbook*

[https://www.milliontreesnyc.org/downloads/pdf/treelc\\_handbook.pdf](https://www.milliontreesnyc.org/downloads/pdf/treelc_handbook.pdf)

Review the tree stewardship pledge on the next page and become a tree steward! Are you able to adopt a tree to care for anywhere in your community?

# Tree Stewardship Certificate

I, \_\_\_\_\_, commit to practice good stewardship for trees.

I understand the environmental and cultural benefits that trees provide, including their vital role in solving the challenge of climate change.

I promise to adopt a tree in my community and provide the tree with care to the best of my ability.
