

MEETING YOUR LOCAL MUSHROOMS

What mushrooms are present in your community and its ecosystems? Use the directory for the North American Mycological Association to find a mushroom club nearby to you. Does their website offer any resources on your local mushrooms? Do they list the mushrooms found in your area?

Find more detail about your local mushrooms through the MushroomExpert.com website. This mushroom aficionado has photos and facts about a wide variety of mushroom species and types.

Do your local mushrooms have any unique features or behaviors?
